A former nurse assistant turned Web Developer experienced in working with HTML, CSS, and JavaScript. Proficient at working independently or collaboratively on projects and enjoys finding solutions to problems and determining customer satisfaction.

## WORK EXPERIENCE

### Platform Portfolio with working form inputs, Responsive CSS

<https://milesechavez.com/>

South Burlington, VT | 2022

- Built a responsive portfolio site with HTML, CSS, and JavaScript
- Expanded features, refined code, and produced smoother operations, enhancing user engagement
- Utilized HTML grid layout, CSS3 media queries to enhance mobile experience
- Implemented functional contact form with integrated CAPTCHA

### Nature Site "GrowPlus" with WeatherAPI

<https://mrechavez.github.io/GrowPlus/>

South Burlington, VT | 2022

- Created a responsive nature/AI company site with HTML, CSS, and JavaScript
- Developed an embedded and integrated WeatherAPI with default, preset, and city search functionality
- Utilized CSS flexbox, grid and CSS3 media queries to supplement and enhance the mobile experience
- Implemented unique CSS elements to add cloud animations under a functional "dark mode"

### Certified Nurse Assistant

Wallingford, CT | 2018 - 2019

- Supervised CNA team in order to adhere to healthcare plan
- Managed patient care based on healthcare priority while under high-stress environments.
- Volunteered to train new CNAs to get them up to speed on hospital procedures and protocol
